Anna Elde

Orlando, Florida   anna.elde.codes

Objective

Seeking a full-time position as a junior web developer with a tech company in the Orlando metro area that will utilize my skills in front-end and back-end development.

Summary of Qualifications

- Highly proficient in front-end web development using HTML, CSS/SCSS, and JavaScript
- Familiar with back-end web development using Django
- Skilled in programming with Python, Java, C++, C#, PHP and SQL
- Development tools of choice include Git, Docker, Webpack, NPM, and PowerShell
- Basic system administration skills via configuring / maintaining virtual private servers
- Proficient in Adobe Photoshop / Affinity Photo and Adobe Illustrator / Affinity Designer
- Highly knowledgeable using Microsoft Word and Microsoft Excel

Education

Associate of Science in Computer Programming and Analysis   4.0 GPA
Seminole State College / Sanford, Florida   2016 to 2017

Bachelor of Science in Psychology, Minor in Cognitive Sciences   3.96 GPA
University of Central Florida / Orlando, Florida   2010 to 2014

Work

Conference Reviewer   1/2015 to 6/2017

Applied Human Factors and Ergonomics International / Orlando, Florida

- Reviewed and revised over 2200 papers to prepare for publishing
- Developed and maintained an Excel spreadsheet to track status of papers using features such as conditional formatting, data validation, and pivot tables
- Utilized VBA macros (Word) and quick steps (Outlook) to enhance efficiency
- Communicated with authors regarding status of papers and revisions
- Trained and managed other reviewers
- Developed in-depth documentation on the review process and best practices
